

Controls Quick Reference

Keyboard - Aircraft Controls

Flight Controls

Ailerons

Left	KEYPAD 4
Center	KEYPAD 5
Right	KEYPAD 6

Note: Aileron trim is available only on the King Air and the CitationJet.

Trim left	ALT + KEYPAD 4
Trim right	ALT + KEYPAD 6

Elevator

Nose up	KEYPAD 2
Nose down	KEYPAD 8
Trim up	KEYPAD 1
Trim down	KEYPAD 7

Rudder

Left	,
Center	L
Right	.

Note: Rudder trim is available only on the Baron, King Air and the CitationJet.

Trim left	ALT + ,
Trim right	ALT + .

Auto Coordination

Toggle auto-coordination on/off /

Flaps

Extend (one stage)	KEYPAD +
Retract (one stage)	KEYPAD -

Speed Brakes (CitationJet Only)

Toggle speed brakes: 7
deploy (up)/ retract (down)

Power Controls

Note: ALT key combinations are used for the right controls of the multiengine aircraft, unless synchronize multiengine controls is enabled.

Throttle / Power / Thrust Levers

Increase (single, left)	=, or KEYPAD 9
Decrease (single, left)	-, or KEYPAD 3
Cut (single, left)	0
Full (single, left)	\, or BACKSPACE
Increase (right)	ALT + =, or ALT + KEYPAD 9
Decrease (right)	ALT + -, or ALT + KEYPAD 3
Cut (right)	ALT + 0
Full (right)	ALT + \, or ALT + BACKSPACE

Propeller Levers (Bonanza, Baron, and King Air Only)

Increase pitch (single, left)	KEYPAD INS
Decrease pitch (single, left)	KEYPAD DEL
Increase pitch (right)	ALT + KEYPAD INS
Decrease pitch (right)	ALT + KEYPAD DEL

Propeller/Thrust Reversing (King Air Only)

Reverse thrust (from idle, left)	\
Reverse thrust (from idle, right)	ALT + \

Propeller Synchronization (Baron and King Air Only)

Toggle prop synch on/off 7

Fuel Mixture Levers (Skyhawk, Bonanza, and Baron Only)

Enrich (single, left)	KEYPAD /
Lean (single, left)	KEYPAD *
Enrich (right)	ALT + KEYPAD /
Lean (right)	ALT + KEYPAD *

Condition Levers (King Air Only)

Cycle condition lever (left):	KEYPAD /
FUEL CUT-OFF/LOW IDLE/HIGH IDLE	
Cycle condition lever (right):	ALT + KEYPAD /
FUEL CUT-OFF/LOW IDLE/HIGH IDLE	

Carburetor Heat (Skyhawk Only)

Toggle carburetor heat on/off H

Keyboard - Aircraft Controls/Navigation Controls

Engine Controls

Note: ALT key combinations are used for the right controls of the multiengine aircraft, unless synchronize multiengine controls is enabled.

Battery/Alternator Switch

Toggle Battery/Alternator switch on/off Z

Ignition Switch (Skyhawk, Bonanza, and Baron Only)

Off O

Right magneto W

Left magneto Q

Both magnetos E

Start S

Off (right) ALT + O

Right magneto (right) ALT + W

Left magneto (right) ALT + Q

Both magnetos (right) ALT + E

Start (right) ALT + S

Engine Start (King Air and CitationJet Only)

Off (left) O

Start (left) S

Off (right) ALT + O

Start (right) ALT + S

Fuel Selector

Cycle fuel switch: F

(OFF/LEFT/BOTH/RIGHT for Skyhawk)

(OFF/LEFT/RIGHT for Bonanza)

(OFF/ON/CROSSFEED for Baron, King Air, and CitationJet)

Cycle fuel switch (right engine): ALT + F

OFF/ON/CROSSFEED

Switches

Avionics Switch

Toggle avionics switch on/off X

Pitot Heat

Toggle pitot heat on/off 1

Lights

Toggle strobe light on/off 2

Toggle beacon light on/off 3

Toggle NAV light on/off 4

Toggle taxi light on/off 5

Toggle landing light on/off 6

Fuel Boost (Baron, King Air, and CitationJet)

Toggle fuel boost (left) on/off 8

Toggle fuel boost (right) on/off 9

Autopilot

Autopilot

Toggle autopilot engage on/off SHIFT + C

Trim control up SHIFT + A

Trim control down SHIFT + Q

Cycle heading modes: SHIFT + X

HDG/NAV1/APR/BC

Toggle ALT hold on/off SHIFT + Z

Yaw Damp (King Air, CitationJet)

Toggle yaw damp on/off ;

Miscellaneous

Landing Gear Lever (Bonanza, Baron, King Air and CitationJet Only)

Toggle gear up/down G

Cowl Flaps (Bonanza and Baron Only)

Toggle cowl flaps open/close C

Brakes

Toggle brakes on/off B

Joystick Control

Enable joystick control ALT + J

Keyboard Control

Enable keyboard control ALT + K

Synchronize Multiengine Controls (Baron, King Air, and CitationJet Only)

Link multiengine controls ALT + L

Navigation Controls

Select NAV Gauge

Select NAV 1 SHIFT + 1

Select NAV 2 SHIFT + 2

Select DME SHIFT + 3

Select ADF SHIFT + 4

Note: RMIs are available only on the King Air and the CitationJet.

Select RMI 1 SHIFT + 5

Select RMI 2 SHIFT + 6

Select heading bug SHIFT + 7

Keyboard - Navigation Controls/Communication Controls/View Controls

Adjust NAV Gauge

Increase full MHz frequency value (coarse increase bug setting)	SHIFT + =
Decrease full MHz frequency value (coarse decrease bug setting)	SHIFT + -
Increase fractional KHz frequency value (fine increase bug setting)	SHIFT +]
Decrease fractional KHz frequency value (fine decrease bug setting)	SHIFT + [
Increase OBS setting	SHIFT + 0
Decrease OBS setting	SHIFT + 9
Toggle nav-transmitter ident code on/off	SHIFT + I
Swap NAV radio standby frequency	SHIFT + S
Toggle radio bearing mode on/off	SHIFT + B

ADF / NAV 2 (Skyhawk Only)

Toggle ADF / NAV 2 gauge	ALT + N
--------------------------	---------

Communication Controls

Select COM Radio

Select COM 1	CTRL + 1
Select COM 2	CTRL + 2
Select Transponder	CTRL + 3

Adjust COM Radio

Increase full MHz frequency value (increase most-significant digits value)	CTRL + =
Decrease full MHz frequency value (decrease most-significant digits value)	CTRL + -
Increase fractional kHz frequency value (increase least-significant digits value)	CTRL +]

Decrease fractional kHz frequency value (decrease least-significant digits value)	CTRL + [
Toggle transponder ident code on/off	CTRL + I
Swap COM radio standby frequency	CTRL + S
Toggle VFR transponder mode on/off	CTRL + V

ATC

Repeat last transmission	CTRL + R
Request closed traffic	CTRL + C
Request touch-and-go	CTRL + T
Request go-around	CTRL + G
Report missed approach	CTRL + M
Cancel ATC	
CTRL + Q	

Audio Mixer

Toggle audio COM 1 on/off	ALT + 1
Toggle audio COM 2 on/off	ALT + 2
Toggle audio NAV 1 on/off	ALT + 3
Toggle audio NAV 2 on/off	ALT + 4
Toggle audio DME on/off	ALT + 5
Toggle audio MKR on/off	ALT + 6
Toggle audio ADF on/off	ALT + 7

View Controls

Full Screen

Toggle direct draw mode on/off	[ALT][Return]
--------------------------------	---------------

Cockpit View

Cycle cockpit view:	F7
	Full/partial/cowl/scenery only
Forward	SHIFT + KEYPAD 8
Forward left	SHIFT + KEYPAD 7
Forward right	SHIFT + KEYPAD 9
Left	SHIFT + KEYPAD 4
Right	SHIFT + KEYPAD 6
Left rear	SHIFT + KEYPAD 1
Right rear	SHIFT + KEYPAD 3
Rearward	SHIFT + KEYPAD 2
Downward	SHIFT + KEYPAD 5

Outside Cameras

Cycle outside camera view:	ALT + F7
	Sky-Cam 1 through Sky-Cam 4

Tower Camera

Toggle tower camera view	SHIFT + F7
--------------------------	------------

GPS Map Display

Toggle GPS map display on/off	F8
Zoom in map display	SHIFT + KEYPAD -
Zoom out map display	SHIFT + KEYPAD +

Graphics Detail

Toggle graphics detail:	F9
	Main/alternate

Keyboard - Miscellaneous Controls/Menu Hotkeys

Miscellaneous Controls

Altimeter

Decrease setting SHIFT + ,

Increase setting SHIFT + .

Clock

Toggle clock to elapsed timer SHIFT + T

Cycle elapsed timer: SHIFT + E

Reset and Start / Stop

Magnetic Compass

Toggle magnetic compass display ALT + M

Instrument Options

Digital instrument readout ALT + R

Note: Panel gauge swap is available only on the Baron.

Swap engine gauges TAB

Note: TAT temperature units is available only on the CitationJet.

Toggle temperature units T

Time Acceleration

Accelerate time ALT + KEYPAD +

Decelerate time ALT + KEYPAD -

Pause

Toggle pause simulation on/off P

Slew Mode

Toggle slew mode on/off ALT + X

Move forward / backward KEYPAD 8 / KEYPAD 2

Move left / right KEYPAD 4 / KEYPAD 6

Move up / down Q / A

Pitch up / down - / +

Bank left / right KEYPAD 7 / KEYPAD 9

Yaw left / right KEYPAD 1 / KEYPAD 3

Stop all motion KEYPAD 5

Reset pitch / bank / heading to 0 SPACEBAR

Display Brightness (Gamma)

Increase SHIFT + G

Decrease SHIFT + CTRL + G

Runway Lighting Intensity

Cycle runway lighting brightness ALT + B

Auto Taxi

Auto taxi to departure runway ALT + T

Repair Aircraft

Repair aircraft damage ESC

Other Menu Hotkeys

Pilot-in-command

Resume pilot-in-command mode F2

Restart

Restart current flight or flight plan, ALT + F2

Exit

Exit ProPilot ALT + F4

Checklists

Checklists for current aircraft F3

Position Aircraft

Aircraft position map F4

ATC Communication

ATC communication options SHIFT + F4

Weather Briefing

Weather briefing for current flight plan F5

Flight Log

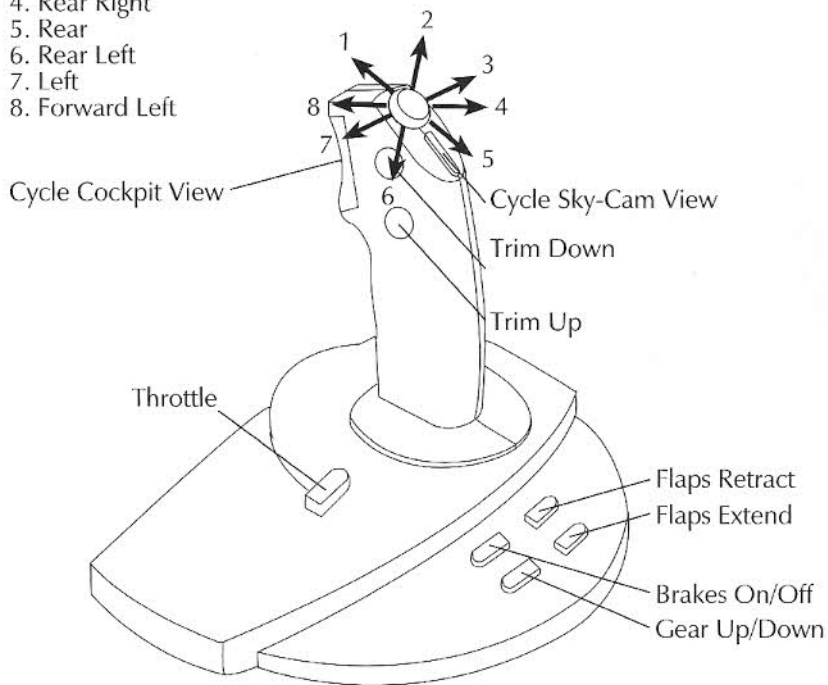

Flight log for current flight plan F6

Save Flight

Save current flight SHIFT + F6
